Steven Joseph Christopher has passed away

POSTED IN STEVEN JOSEPH CHRISTOPHER/CRAZYCHRIST | 4 COMMENTS

One of the most eccentric and entertaining casters perhaps of all time, one of my favorites.. **Crazy Christ**, Steven Joseph Christopher has passed away in Jail 12,12,2021 due to cardio/respiratory failure. He was 54.

You may recall his online promise that he would assassinate both President Obama and President Trump, those claims would eventually have him incarcerated both times spending years in prison.

Crazy Christ revered himself as the one and only true born son of god and predicted that one day the ice dome covering the entire earth would fall and shatter upon humanity and all our sins.

However only **HE** could save us if we believed in him as being our savior.

Believe it or not there are those out there who actually believed his nonsense and supported him financially for it. For myself I thought he was silly and found humor in his weird crap. He was one of the few casters I could banter with without him banning me or becoming angry. He never made death threats or spoke of suicide upon myself unlike so many of the casters we currently see online today, he was actually pretty cool about what I did with the blog and him as content.

A man who believes he is the reincarnation of Jesus Christ is charged with threatening to kill President Donald Trump.

The Secret Service arrested Steven Joseph Christopher on Aug. 8 in San Antonio on charges levied in an indictment accusing the man of knowingly and willfully threatening to take the life of Donald John Trump, President of the United States of America.

Court documents do not provide insight into the nature of the threat, which was allegedly made by Christopher on June 19.

A San Antonio federal magistrate judge ordered Christopher held without bond pending transfer to Brownsville, where there was a warrant for his arrest based on the indictment.

Christopher made his first appearance in Brownsville on Monday and was ordered held without bond.

The man's attorney has filed a motion seeking an examination for mental competency, which states that Christopher appears to have a psychological illness and appears to be suffering from a mental disease and is unable to understand the proceedings against him.

Steven Joseph Christopher aka GOD is once again in prison for making DEATH THREATS to kill president

POSTED IN STEVEN JOSEPH CHRISTOPHER/CRAZYCHRIST | 17 COMMENTS

Yesterdays post was a prelude of things to come in other words it was merely a tease for the main course. Some of you MAY recall CrazyChrist a Vaughn caster who believed he was some sort of deity messiah come to warn humanity of it's transgressions against him by refusing to accept his holy word, so Steve/GOD placed the world under a dome of ice that would every so often crumble sending a piece hurtling towards earth as a warning of the impending doom. He would preach for years of the coming of the apocalypses and divine punishment to all that mocked him. [Did I ever mention I can't make this shit up?](#)

As of August 30 2018 Steven Joseph Christopher is being detained in prison for threatening to kill president Trump. All credit and thank you to the person who sent this in to me.
